MULTIMAGING IN CARDIOLOGY

CONGRESS VENUE

All scientific sessions will take place at:
 CNR - Area della Ricerca di Pisa
 Via G. Moruzzi, 1 - 56124 Località S. Cataldo - Pisa - Tel. +39 050 3152216

CME – CONTINUING MEDICAL EDUCATIONAL

The Meeting has been submitted for approval for Continuing Education Units to the Italian Ministry of Health. For Italian Doctors only

REGISTRATION FEE

The Registration Fee of 60,00 € (VAT 20% included) includes: entry to all the scientific sessions, badge and congress kit, attendance and CME certificates, coffee breaks and lunch. The Registration Form and the receipt of the bank payment should be sent to the Organizing Secretariat

OFFICIAL LANGUAGES

The official languages of the Congress are Italian and English.

SCIENTIFIC SECRETARIAT

Danilo Neglia, Rosa Sicari, Massimo Lombardi
 Istituto di Fisiologia Clinica del CNR
 Fondazione Toscana Gabriele Monasterio - Area della Ricerca di Pisa
 Via G. Moruzzi, 1 - 56124 Località S. Cataldo - Pisa

ORGANIZING SECRETARIAT

Congressship
 Mura di Santa Chiara, 1 - 16128 Genova
 Tel. +39 010 5999500 - Fax +39 010 5999499 - e-mail: evinci@gastaldi.it

The Research Leading to These Results Has Received Funding from The European Community's Seventh Framework Programme (fp7/2007-2013) under Grant Agreement n° 222915

Supported by an Unrestricted Educational Grant From:

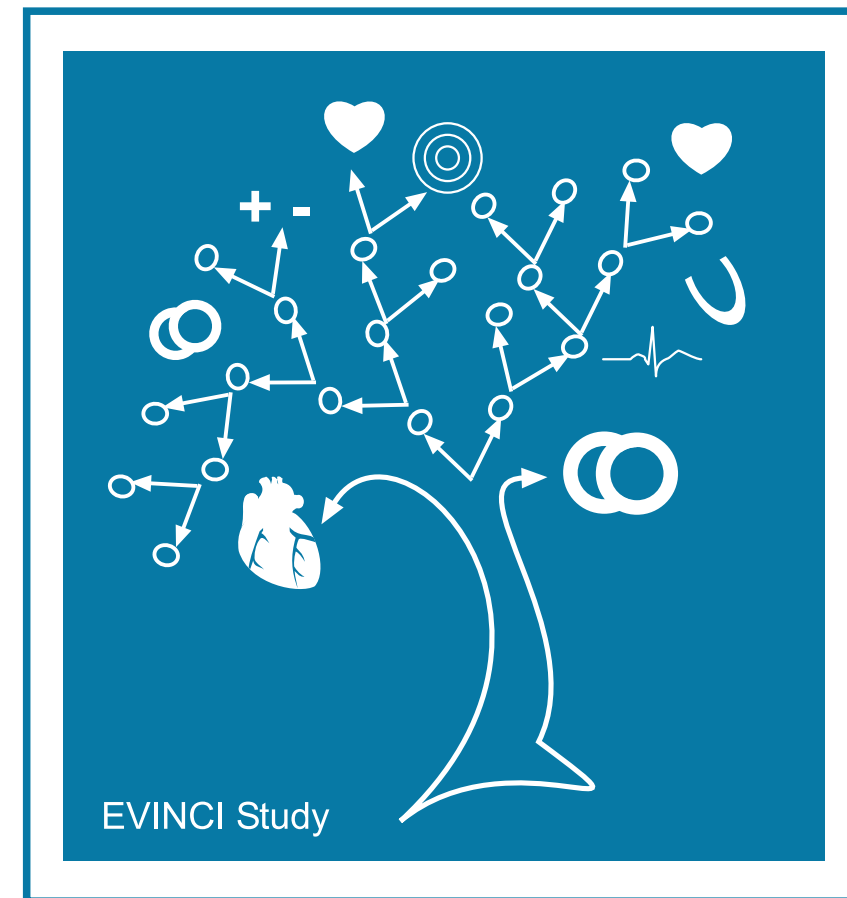

GE Healthcare

MULTIMAGING IN CARDIOLOGY

Pisa - Area della Ricerca del CNR

4th - 5th December 2009

EVINCI Study

Scientific Programme endorsed by

Cardiovascular
 Magnetic Resonance
 ESC Working Group

EUROPEAN
 SOCIETY OF
 CARDIOLOGY®

Nuclear Cardiology
 and Cardiac CT
 ESC Working Group

EUROPEAN
 SOCIETY OF
 CARDIOLOGY®

ESC Council on
 Cardiovascular Imaging

4th December 2009

- 8.30 Opening Remarks
L. Donato - E. Picano
- 8.35 **Guzzardi Lecture**
Introduction by E. Picano
The Centrality of the Patient in the “Era of Imaging”
L. Donato
- 8.50 **THE ANGINAL PATIENT IN THE ERA OF IMAGING”**
Chair: J. Knuuti, P. Marzullo
- Symptoms, Risk Factors and Stress ECG: The Role of Clinical Cardiology in The “Era of Imaging”
D. Rovai
 - Non-Invasive Evaluation of Coronary Anatomy: Appropriateness vs Clinical Use
J. Schuijf
 - Non-Invasive Evaluation of Myocardial Perfusion: Appropriateness vs Clinical Use
C. Anagnostopoulos
 - Discussion
- 9.55 **Solimeo Lecture**
Introduction by D. Neglia
Angina and Inflammation: New Target for Diagnosis and Treatment
F. Crea
- 10.15 **INTEGRATING THE INFORMATION IN THE “ERA OF IMAGING”**
Chair: F. Rademakers, M. Mazzanti
- Integrating Anatomic and Perfusion Imaging: Additional Clinical Information from CT-SPECT and CT-PET?
B. Herzog
 - Integrating Functional and Perfusion Imaging: Additional Clinical Information from MRI?
M. Lombardi
 - Integrating Functional and Perfusion Imaging: Additional Clinical Information from ECHO?
C. Fernández-Golfín
 - Integrating Multimodality Imaging: Is the Whole Better Than Its Parts?
S. Nekolla
 - Discussion
- 11.35 *Coffee Break*
- 11.50 **Bellina Lecture**
Introduction by O. Parodi
Detection of Preclinical Coronary Disease: from Pathophysiology to Clinical Use
P. Camici
- 12.10 **MEASURING CORONARY FLOW RESERVE IN THE CLINICAL PRACTICE**
Chair: P. Camici, M. Marzilli
- Quantitative Assessment of CFR: Could It Improve Evaluation of CAD by PET?
J. Knuuti
 - Quantitative Assessment of CFR by CZT SPECT
A. Gimelli

- Quantitative Assessment of CFR: Could It Improve Evaluation of CAD by Stress ECHO/MRI?
R. Sicari
 - Discussion
- 13.10 **Lecture**
Introduction by M. Marzilli
Invasive Assessment of CFR and Vessel Structure: Should it Guide Revascularization?
A. Lerman
- 13.30 *Luncheon Panel*
- 14.30 **MULTI-IMAGING TRIALS IN ISCHEMIC HEART DISEASE**
Chair: J. Schwitter, A. Morales
- The ARTreat Trial
O. Parodi
 - The EVINCI Trial
D. Neglia
 - The DOPPLER-CIP Trial
F. Rademakers
 - Discussion
- 15.35 **Lecture**
Introduction by J. Knuuti
Multi-Imaging in Ischemic Heart Disease: Expected Results from International Trials
M. Di Carli
- 16.15 *Coffee Break*
- 16.25 **CLINICAL WORK-UP IN SUSPECTED ISCHEMIC HEART DISEASE: THE EXPERIENCE IN TUSCANY**
Chair: C. Carpeggiani C, S. Petronio
- Dedicated Outpatient Clinic for Non-Invasive Screening in Ischemic Heart Disease
G. Casolo
 - Diagnostic and Therapeutic Catheterization: Do We Correctly Select Patients?
S. Berti
 - Multivessel CAD: has the SYNTAX Trial Changed my Approach?
M. Ferrarini
 - Discussion
- 17.20 **ROUND TABLE: Italian Scientific Societies and Integrated Work-Up in Cardiovascular Diseases**
Chair: A. Balbarini, G. Mariani, D. Rovai
- Discussants: D. Chiappino, V. Di Bello, U. Limbruno, P. Marraccini, P. Marzullo, M. Mascalchi, N. Mazzucca, R. Melandri, R. Sciagrà*
- 18.20 **Lecture**
Introduction by G. Mariani
Errors and Imaging in Cardiology. The Clinician’s Perspective
GF Gensini
- 18.40 End of First Day Sessions and Cultural Event

5th December 2009

- 08.45 **THE FAILING HEART IN THE “ERA OF IMAGING”**
Chair: E. Gronda, O. Rimoldi
- Clinical and Biohumoral “Markers” of Disease Severity in HF: Can They Substitute Imaging?
M. Emdin
 - Imaging Derived Early Prognostic Markers of HF
O. Rimoldi
 - Myocardial Imaging in Ischemic LV Dysfunction: Assessment of Risk and Guide to Treatment
F. Rademakers
 - Myocardial Imaging in Cardiomyopathies: Assessment of Risk and Guide to Treatment
J. Knuuti
 - Discussion
- 10.05 **Lecture**
Introduction by D. Neglia
Increasing Incidence of Heart Failure: a New Challenge for the Next Future
P. Perrone Filardi
- 10.20 **Lecture**
Introduction by P. Perrone Filardi
Sustainable Use of Resources in the “Era of Imaging”
E. Picano
- 10.40 *Coffee Break*
- 10.55 **Lecture**
Introduction by G. Sambuceti
Coronary Microcirculation: from Pathophysiology to Clinical Impact
A. L’Abbate
- 11.15 **NEW TREATMENTS TARGETS DERIVED FROM IMAGING**
Chair: A. Teresinska, L. Padeletti
- Cardiac Innervation
G. Sambuceti
 - Apoptosis
D. Le Guludec
 - Regenerative Medicine
F. Recchia
 - Resynchronization Therapy
M. Bertini
 - Antiarrhythmic Strategies
A. Flotats
 - Discussion
- 12.55 **Conclusive Remarks**
M. Glauber, A. L’Abbate
- 13.15 **End of The Meeting**
