Position(s) to be occupied: 1 vacancy in nucleus

Names of Candidates: 3

Number of voting delegates (WG members): those present at the GA

Number of registered participants (votes): those present at the GA

Results: election of Dr A.N. Kitsiou, FESC (GR)

Agreed with Kim Fox and Michel Komadja about Nucleus situation:

"We have now merged CT in our WG. However, we have currently 2 representatives of CT in our nucleus (Schroeder and DeFeyter). Since rotation is quite slow, both recommended to temporarily expand nucleus size with one additional CT expert member. Therefore, Joanne Schuijf will invited to become Nucleus member but without general voting process."
