The printed version of this article featured an error on p. 243. Erik Solberg's affiliation should have read: 'Department of Medicine, Diakonhjemmet Hospital, Oslo, Norway'. In addition, the statement that this paper was submitted on behalf of the Working Group of Myocardial and Pericardial Disease of the European Society of Cardiology is incorrect. The Nucleus of the Working Group did not contribute to the writing of the manuscript and did not endorse the document before submission to the *European Heart Journal*.
