

## **Elections to EACVI Board and Sections 2016-2018**

**Application for the  
Nucleus Member,  
echo section position**

### **1. Your Identity**

**Title: Assoc. Prof., MD**

**Family Name(s): SADE**

**First Name(s): LEYLA ELIF**

**Birth Date: 01. 07. 1970**

**Type of address: Business**

**Institute/Organisation: Baskent University Faculty of Medicine**

**Department: Cardiology**

**Address: Fevzi Çakmak Cad. 10. Sok. Bahçelievler**

**Post Code/Zip: 06490**

**City: Ankara**

**Country: TURKEY**

## **Elections to EACVI Board and Sections 2016-2018**

### **2. General Curriculum Vitae (300 words max)**

#### **ACADEMIC CARREER**

June 2003	Assistant Professor of Cardiology, Baskent University, Medical School, Ankara
March 2006	Associate Professor of Cardiology Degree, Baskent University, Medical School, Ankara
October 2013	Professor of Cardiology Degree, Baskent University, Medical School, Ankara

#### **EDUCATION**

##### **High School**

1981-1989 Lycée Français Saint-Benoit, Istanbul

##### **Medical School**

Hacettepe University, Medical School, Ankara

1989-1995

##### **Medical Licensure**

Hacettepe University, Medical School, Ankara

July, 1995

##### **Cardiology Residency**

Hacettepe University, Medical School, Ankara

1995-2001

##### **Cardiology Licensure**

Hacettepe University, Medical School, Ankara

July, 2001

##### **Post-Doctoral Echo Research Fellowship**

2001- 2002 University of Pittsburgh Medical Center /  
Cardiovascular Institute (Prof John Gorcsan  
IIIrd), Pittsburgh, PA, USA

#### **ACCREDITATIONS**

July, 2008 European Cardiologist Diploma

June, 2007 Fellow of the European Society of Cardiology

January, 2005 European Association of Echocardiography  
TTE Accreditation (renewed in 2016)

## MEMBERSHIPS

Turkish Society of Cardiology,  
European Society of Cardiology  
European Association of Cardiovascular Imaging  
American Society of Echocardiography  
Working Group on Valvular Heart Disease of the  
European Society of Cardiology  
European Atherosclerosis Society  
Working Group on Cardiac Imaging, Turkish Society of  
Cardiology

## FOREIGN LANGUAGES

Fluent in French  
Fluent in English

## Elections to EACVI Board and Sections 2016-2018

### 3. Previous experience(s) in the EACVI or ESC or your National Bodies?

- EACVI board member since 2014.
- EACVI member since 2004.
- Board member, Working Group on Valvular Heart Disease, Turkish Society of Cardiology 2007-2011
- Board member, Working Group on Cardiovascular Imaging, Turkish Society of Cardiology. 2011-2016
- Chair of the Working Group on Cardiovascular Imaging, Turkish Society of Cardiology 2013-2015.
- Board member, Board of Accreditation of the Turkish Society of Cardiology.

### 4. Are you a Board or Nucleus Member of another scientific organisation? If Yes, please specify

- Board member, Working Group on Cardiovascular Imaging, Turkish Society of Cardiology. 2011-2016
- Chair of the Working Group on Cardiovascular Imaging, Turkish Society of Cardiology 2013-2015.
- Board member, Board of Accreditation of the Turkish Society of Cardiology

## **Elections to EACVI Board and Sections 2016-2018**

### **7. Why are you interested in joining the EACVI Board (150 words max)?**

Cardiac imaging has been the focus of my academic activities for more than 15 years as a non-interventional cardiologist. I have been an active member of the EAE since 2004 and board member for the last 2 years. I feel that the greatest potential for the growth and advancement as a strong body of teaching, encouraging research and raising the quality in the field of cardiac imaging would be available to the association if it were to embrace the complete European mosaic. By doing so, the EACVI can have a balanced approach to and have an impact on a heterogeneous target.

More specifically, I believe that we need to work to strengthen the leadership and the international credibility of the EACVI by;

- taking advantage of the richness of EACVI family and of its dynamicity by embracing a huge young community.
- increasing innovative teaching and research projects to promote the cost-effective and gatekeeper position of imaging,
- expending continuing education to raise technical standards and clinical skills,
- providing harmonized and equilibrated active participation opportunities to EACVI activities throughout member countries.

I can be extremely helpful to bring new frontiers to the EACVI as a representative of a national working group on CVI with more than 900 members. These are the reasons and objectives of my strong interest in joining the EACVI Board.
