

EUROPEAN HEART RHYTHM ASSOCIATION

A Registered Branch of the ESC

EHRA EDUCATIONAL COURSE “DAILY ARRHYTHMIA AND DEVICE PRACTICE”

A case- based course about arrhythmia- and device-related problems
for general cardiologists

May 17th, 2015
St. Petersburg, Russia

EHRA Faculty:

Ghaliah Al Mohani, Abu Dhabi
Matthias Antz, Oldenburg, Germany
Carsten W. Israel, Bielefeld, Germany

8:30 – 8:45	Welcome EHRA Educational Programme	Carsten W. Israel
8:45 – 10:15	Challenging Cases in Pacemaker Patients - Pacemaker mediated tachycardia - Issues with sensing - Issues with stimulation - Myocardial infarction during pacing - Where is the lead positioned?	Carsten W. Israel
10:15 – 10:45	Coffee break	
10:45 – 12:15	Challenging Cases in Narrow Complex Tachycardia - AVNRT or AVRT? - Localization of accessory pathways - Atrial flutter or atrial fibrillation? - SVT differential diagnosis: Tips & tricks - Patients with undocumented palpitations	Matthias Antz
12:15 – 13:15	Lunch	
13:15 – 14:45	Challenging Cases in Broad Complex Tachycardia - Bundle block or VT? - Irregular broad QRS tachycardia: Ashman's phenomenon, FBI, or polymorphic VT? - Brugada syndrome or incomplete RBBB? - ECG in long QT syndrome - ECG in ARVC and CPVT - VT origin: RVOT, LVOT, or mitral ring? - VT origin: septal, free wall, epicardial?	Ghaliah Al Mohani
14:45 – 15:15	Coffee Break	

15:15 – 16:00	ECG Quiz I	Carsten W. Israel
16:00 – 16:45	ECG Quiz II	Matthias Antz
16:45 – 17:30	ECG Quiz III	Ghaliah Al Mohani
17:30 – 18:15	Stored Device EGM Quiz	Carsten W. Israel
18:15 – 18:30	Wrap up and End
