Leadership of multicenter prospective clinical trials (selection); name (sponsor)

OCEAN (Amgen) Olpasiran in CAD. (6000 patients). International executive committee member
Coral Reef (MSD) Oral PCSK9 inhibition in patients at high cardiovascular risk (15 000 patients). International executive committee member
Librexa stroke (Jansen). Milvexian in patients with stroke (15 000 patients). International executive committee member
DAPAMI (Astra Zeneca) Dapagliflozin in patients with MI (4017 patients). International principal investigator
DISCO (Uppsala Univ). Direct Coronary angiography for Out-of-hospital cardiac arrest (1000 patients). Senior investigator
INFINITY (Elixir). DynamX Bioadaptor to the Resolute Onyx stent. (2400 patients). Chairman of the steering committee
PACIFIC AMI (Bayer). (1600 patients). International steering committee member
Semiglutide on atherosclerosis in patients with diabetes (Novo Nordisk), 100 patients. International principal investigator
SWEDEGRAFT (UCR Uppsala), 700 patients. Chairman of the steering committee, 2017-
Full Revasc (UCR Uppsala) 3400 patients. Chairman of the steering committee, 2016-
THALES trial (Astra Zeneca) 13 000 patients. International executive and steering committee, 2017-
GEMINI, 3037 patients. (Janssen pharma), International executive and steering committee, 2014-2016

EVOLVE AF (Dachii-Sankyo), 2000 patients. International executive committee, 2012-14
 IFR- Swedeheart, 1800 patients. Steering committee, 2015-2017
 DETOX, 6629 patients (UCR). Executive committee, 2014-2017
 THEMIS (Astra Zeneca). 21.000 patients. International steering committee. National PI, 2017- ongoing
 VALIDATE (UCR Uppsala) 6007 patients. Chairman of the steering committee, 2013-2017
 HORIZONS AMI-2 (Boston Scientific). 10 000 patients. International executive committee, 2013-15
 RIVER PCI, 2600 patients (Gilead). International steering committee, 2011-2015
 CENTURY II, 1123 patients (Terumo Inc). International steering and executive committee, 2011-2013
 ISCHEMIA trial, 8000 patients (NHI). Steering committee member, 2009-ongoing
 TASTE, 7244 patients. (UCR Uppsala). Chairman of the steering committee, 2009-2013

Grants

EU Horizon H2020 project 965246 CORE-MD, Co applicant 2.360.977 Euro
 EU Horizon H2020 project 899991RITA II, Co applicant 6.500.000 Euro
 Konung Gustav V och Dr Victorias Frimurarstiftelse 2020 and 2021, 250 000+ 250 000 SEK
 Wallenberg Clinical Scholar 2019, 15.000.000 SEK
 Swedish Scientific council, VR, grant for clinical research. TACSI trial 2017, Co applicant. 12.000.000 SEK
 Swedish Scientific council, VR, grant for clinical research. Swedegraft 2017, Co applicant. 18.000.000 SEK
 NHBI, PI Clinical coordinating center Grant SPIRRIT trial 2016, Co PI. 8.000.000 USD
 Swedish Scientific council, VR, grant for clinical research SPIRRIT trial 2016. Co applicant 16 000.000 SEK
 Erling-Persson Family Foundation, Grant SPIRRIT trial 2016, Co applicant 10. 000.000 SEK
 Swedish Scientific council, VR, grant for clinical research. Full revasc 2015. 15.000.000 SEK
 Swedish Heart and Lund Foundations Major research grant, Co-applicant, 2015. Full revasc trial. 15.000.000 SEK
 FP7-HEALTH-2013-INNOVATION-1, Culprit shock trial, Co-applicant, 2013. 5.999,145 EUR
 Swedish Heart and Lund Foundation, Validate trial, 2013. 3.300.000 SEK
 Swedish Heart and Lund Foundation, for clinical research 2013. TASTE trial. Main applicant. 3 600 000 SEK
 Swedish Scientific council, VR, grant for clinical research 2011-2012. TASTE trial. Main applicant. 1 800.000 SEK
 Strategic Research Foundation (Stiftelsen för strategisk forskning). Major co-applicant 2010. 20.000.000 SEK
 Swedish Heart and Lund Foundation, Werkös higher Research grant 2010-2012. 3 200 000 SEK
 Swedish American Society, Post Doctorial studies, Duke University, 2009, 250.000 SEK
 Swedish Heart and Lung Foundation, Post Doctorial studies, Duke University, 2009. 360.000 SEK
 Swedish Heart and Lung Foundations Major research grant, Co-applicant, 2009-2011. 14.000.000 SEK

Rewards

“World’s most influential scientific minds” based on the highest number of citations by Clarivate Thomson & Reuters 2014-2022
 Pierre-Theroux Lecture for outstanding achievement in acute coronary care, medical and clinical research 2020
 ECS Paul Hugenholtz Lecture for Innovation 2019.
 Visiting professor, University of Belgrade, School of Medicine, Serbia, 2019
 Thureus price, Swedish Royal Society of Sciences for research on acute coronary syndromes, 2018
 Bengt Danielsson award for development of pharmaceutical research, 2016
 ATHENA price for Swedish groundbreaking clinical research, 2015
 Hjärnapplet. Uppsala Univeristy award for best innovation, 2015
 Uppsala County research price, 2015
 Matts Halldins award for clinical research, 2008
 Highest ranked article of the year in category “clinical study”, Läkartidningen, 2004.
 Pfizer Sweden, Research fellowship, 2003
 Hwassers price for the highest ranked clinical dissertation at the Faculty of Medicine, Uppsala University, 2002-2003
