

ESC Declaration of Interest Report

2021 ESC Guidelines on cardiovascular disease prevention in clinical practice

The ESC reviews relationships with industry and encourages transparency and ethical integrity.

It is mandatory for all experts involved in Guidelines development to comply with the ESC Declaration and Management of Conflict of Interest Policy. Under this policy, they are required to submit yearly Declaration of Interest (DOI) forms during the writing and reviewing phases of the Guidelines.

All DOIs are assessed prior to work commencing, and the ESC may decide to exclude any expert from a Guidelines activity based on the exclusion criteria as defined in the *ESC Declaration and Management of Conflict of Interest Policy, Annex 3*, as approved in July 2020.

The current policy and its annexes are available on the ESC website at www.escardio.org/DOI

2021 ESC Guidelines on cardiovascular disease prevention in clinical practice - Task Force Members

For ESC Guidelines: The report below lists declarations of interest as reported to the ESC by the experts during the yearly call for declaration conducted every January covering the previous calendar year. The calls for declaration are conducted during the period of development of these guidelines up to and including 2020.
