Web master of the EACPR from 2012-2016

Dear Prof. Dr. Casadei,

Dear Barbara,

I send you this letter to announce my candidacy for the ESC Nominating committee. I have spent more than 15 years at different levels in ESC, first as a section member of the Cardiac rehabilitation section of EACP, then secretary, president-elect and president. In august 2022, my mandate as past president of EACP will end. I think that I have a good view on the governance of the Society, and I am willing to spend time in helping the Nomination committee in its important task of ensuring that good people are put forward for elections at the highest level of ESC. Important for me in that regard are trustworthiness, attention to gender and country of origin. I hope to be able to bring my experience to the Nominating Committee.

With kind regards

Prof Dr. Paul Dendale
