To whom it may concern

Hereby I declare my willingness to stand for elections for Nominating Committee member in the 2022-2024.

My application is motivated by my long-lasting involvement into activities of Polish Cardiac Society and close cooperation with ESC Board on realizing common activities, particularly during my presidency. I have vast experience in cooperation in international environment allowing achievement of common goals.

If elected I would be keen to share my experience, knowledge and strong sense of compliance with the accepted rules and values while realizing common tasks. I am reliable person with a strong feeling of responsibility.

I would appreciate membership in Nominating Committee also as a sort of summary of my former activities for cardiologists across the Europe

Sincerely yours

Professor Piotr Hoffman
