Re.: Selection ESC Nominating Committee 2022-2024

Dear Professor Casadei, dear Barbara,

herewith, I would like to submit my application for the upcoming ESC Selection for the 'Nominating Committee 2022-2024'.

The European Society for Cardiology is the worlds' largest society in the field of Cardiovascular Medicine. It would be my great pleasure to contribute to the ESC's mission to reduce the burden of cardiovascular disease, by participating in the nomination of candidates for the next generation leadership of ESC. I do believe that I could be especially suited for a position in the ESC's Nominating Committee, because

- i) ... of my long-standing active involvement in all aspects of cardiovascular medicine in the last 40 years, including both clinical work covering interventional cardiology as well as translational cardiovascular science,
- ii) ... of my extensive experience in leadership positions as Chairman of the Medical Department of Cardiology at the University of Frankfurt for 26 years, as President of the German Cardiac Society (DGK) 2019 – 2021, and as Spokesperson of numerous clinical and translational scientific consortia and interdisciplinary networks in cardiovascular medicine,
- iii) ... of my international connections and reputation in the field of cardiovascular medicine.

Best regards

Prof. Dr. Andreas Zeiher
Immediate Past President German Cardiac Society
