

Prof. Stefan JAMES, Sweden

Stefan James is professor of Cardiology, Scientific Director of Uppsala Clinical Research Center, Uppsala University and senior interventional Cardiologist at Uppsala University hospital. He is a past president of the Swedish cardiac society, chair of the Scientific documents committee of the ESC, co-chair of Clinical Practice guidelines and co-author and chair of several of the recent European guidelines.

Stefan James has been instrumental in developing Swedish Cardiovascular registries as the past chairman of the Swedish Coronary and Angioplasty registry and a member of the steering committee of SWEDEHEART. He has served as PI and chairman for numerous international trials and has pioneered the concept of registry based randomized clinical trials. He is also an editor of Circulation, and his research has been published in 600 peer-reviewed journals.
