6th ESC Education Conference

30-31 January 2019

European Heart House

Sophia-Antipolis, France

Educated healthcare professionals + Educated patients = Effective shared care

Interactive Workshop Questions

→ Check your Group number [printed on your badge]

Educated healthcare professionals

Group 1: How do you understand what you don't know about your patient and their optimum treatment?

Group 2: How do you fill gaps in your knowledge, skills or attitudes that will benefit the management of your patients?

Educated patients

Group 3: How do patients prefer to learn about their condition in order to participate in providing optimum care?

Group 4: How should the physician engage patients in their own care to improve outcomes?

Effective shared care

Group 5: How do we assure that all caregivers collaborate with the patients to advance the care goals?

Group 6: How do we share the treatment plans and information with the patient and all caregivers?
