

ESC Declaration of Interests Report

2025 ESC/EACTS Guidelines for the management of valvular heart disease

All experts contributing to the development of ESC Guidelines must adhere to the *ESC Declaration and Management of Conflicts of Interest Policy*, ensuring transparency and ethical integrity throughout the Guidelines development process.

In accordance with this policy, they are required to submit a yearly Declaration of Interests (DOI). Each DOI undergoes a review based on established policy criteria, as defined in the policy's annex 3, enabling continuous assessment and management of potential conflicts of interest.

For this Guideline, the DOI assessment process began in 2023, evaluating declarations from 2022, and continued in 2024 and 2025—each year including an assessment of interests declared in the preceding calendar year.

Accordingly, for Task Force members, this report includes information declared for years 2022 through 2024. For reviewers, this report includes information declared for years 2023 and 2024.

Experts developing this Guideline have committed to upholding compliance with the policy criteria through 2025, including adherence to a 10,000 EUR threshold for personal payments.

The latest version of the policy and its annexes can be accessed on the ESC website at www.escardio.org/DOI.

2025 ESC-EACTS Guidelines on valvular heart disease - TF Members

For ESC Guidelines: The report below lists declarations of interest as reported to the ESC by the experts during the yearly call for declaration conducted every January covering the previous calendar year. The calls for declaration are conducted during the period of development of these guidelines up to and including 2024.

Expert	Type of Relationship with Industry	
Abreu Ana	2022	Nothing to be declared
	2023	<p>Payment from healthcare industry: speaker fees, honoraria, consultancy, advisory board fees, investigator, committee member, etc., including travel funding related to these activities.</p> <p>Daiichi Sankyo : Risk Factors and Prevention, Pharmacology and Pharmacotherapy</p> <p>Ferrer Internacional : Risk Factors and Prevention, Pharmacology and Pharmacotherapy</p>
	2024	<p>Payment from healthcare industry: speaker fees, honoraria, consultancy, advisory board fees, investigator, committee member, etc., including travel funding related to these activities.</p> <p>Boehringer-Ingelheim : Chronic Heart Failure, Acute Heart Failure</p> <p>Any other interest (financial or otherwise) that should be declared in view of holding an ESC position (e.g. editorial role in non-ESC publications—editor in chief or other editorial position—and/or officer position in other organisations).</p> <p>I am Section Editor of Global Heart Journal from WHO (no financial interest)</p>
Adamo Marianna	2022	<p>Direct personal payment from healthcare industry: speaker fees, honoraria, consultancy, advisory board fees, investigator, committee member, etc.</p> <p>Medtronic : Valvular Heart Disease</p> <p>Abbott Vascular : Valvular Heart Disease</p>
	2023	<p>Payment from healthcare industry: speaker fees, honoraria, consultancy, advisory board fees, investigator, committee member, etc., including travel funding related to these activities.</p> <p>Edwards Lifesciences : Valvular Heart Disease</p> <p>Abbott Vascular : Valvular Heart Disease</p>
