28th Annual Scientific Congress

3 - 5 July 2020

Exclusive offer for 2020 FREE ONLINE ACCESS TO THE CONGRESS!

Important Dates

Deadline of Registration: **26 June 2020**

Program Highlights

- American College of Cardiology@HKCC ASC
- European Society of Cardiology@HKCC ASC
- Korean Society of Cardiology@HKCC ASC
- Hong Kong Heart Foundation Lecture
- Cardiology Course for Family Physicians and General Practitioners

and more...

Final Announcement

www.hkccasc.com

On behalf of the Hong Kong College of Cardiology (HKCC), it gives me great pleasure to welcome you to the 28th Annual Scientific Congress of the Hong Kong College of Cardiology which will be held on 3 - 5 July 2020. Amidst the COVID-19 pandemic, the challenge of organizing a large scale scientific and educational program is huge. Nevertheless, education for cardiovascular professionals has always been the primary mission of the Hong Kong College of Cardiology and our Annual Scientific Congress has established herself as the iconic and flagship educational program for cardiovascular professional from different disciplines in Hong Kong.

This year, to adapt to the highly dynamic situation resulting from the COVID-19 pandemic, we are going to present a high-quality and comprehensive program in cardiovascular medicine via a virtual platform. Renowned international and local experts will connect to discuss the current update and controversies in cardiovascular medicine. The Organizing Committee has put together an attractive program composing of different theme-based symposia, joint sessions with international cardiac societies, Hong Kong Heart Foundation Lecture, abstract and case presentations, poster presentations, cardiology course for family physicians and general practitioners, paediatric cardiology program and allied health cardiovascular symposium.

Last but not least, international collaboration remains to be an important component in our Congress. This year, we will collaborate with the American College of Cardiology (ACC), the European Society of Cardiology (ESC) and the Korean Society of Cardiology (KSC) to produce 3 exciting joint sessions. I believe all participants would undoubtedly have an extremely enjoyable learning experience during this conference!

Dr Ngai-yin Chan Chairman, Organizing Committee 28th Annual Scientific Congress

President, Hong Kong College of Cardiology

CARDIOLOGY COURSE FOR FAMILY PHYSICIANS AND GENERAL PRACTITIONERS

5 July 2020 (Sun)

Time	Session & Topic	Speaker		
	Preventive Cardiology: Expanding the Role of Primary Care Physician in Cardiology			
0900 – 0930	Beyond HbA1c: Preventing cardiac and renal complications in diabetic patients	Subodh Verma		
0930 – 1000	Emerging role of NOAC in the treatment of CAD & PAD	Frankie CC Tam		
1000 – 1030	Peripheral arterial disease in primary care: Reasons why you should care	Bryan PY Yan		
1030 – 1100	Break			
	Cardidology Updates: What a Primary Care Physician needs to know	ow in 2020		
1100 – 1130	New era for heart failure management	Katherine YY Fan		
1130 – 1200	Appropriate treatment of clinical and subclinical atrial fibrillation	Kwok-keung Chan		
1200 – 1230	New concepts in the management of angina	Duncan HK Ho		
1300 – 1400	Lunch			
	Cardiology Issues in Women & Paediatrics			
1400 – 1430	Pregnancy and cardiac disease	Pak-cheong Chow		
1430 – 1500	Common Paediatric arrhythmia for primary care physician	Sabrina SL Tsao		
1500 – 1530	Update on Paediatric Hypertension Guidelines	Nai-chung Fong		
1530 – 1600	Break			
	Common Cardiology Challenges in Primary Care			
1600 – 1630	How to achieve maximally tolerated statin therapy for maximum protection	Bernard BL Wong		
1630 – 1700	Strategies for better BP control and outcomes in hypertensive patients	Bernard MY Cheung		
1700 – 1730	Managing heart failure and co-morbidities in primary care	Elaine MC Chau		

^{*} Program is subject to change without prior notice.
