5. Why are you interested in joining the ESC Board Committee for Young Cardiovascular Professionals and what would you like to achieve if you were elected? (300 words max)

I am interested in joining the ESC Board Committee for Young Cardiovascular Professionals because it will give me the opportunity to contribute to the ESC activities and development of modern cardiology.

If elected, I would like to achieve these objectives:

- To expand educational programs for young cardiologists at the European level, delivering world-class learning and professional development.
- To promote research, encouraging excellence and managing innovation in young professionals.
- To commit to Gender Equality.
- To further intensify the collaboration with other European and International Societies, using a network approach.
- To increase the belonging to ESC of National Cardiac Societies and engage with young cardiovascular professionals to grow the ESC Community.

6. How will you balance your work commitments with your commitments to the ESC Board Committee for Young Cardiovascular Professionals? (300 words max)

In the last years, I've made big experience in serving Italian Society of Cardiology (SIC) and Italian Society of Interventional Cardiology (GISE) in several Committees and Boards. I am also lucky to have the complete support of my work's colleagues. I am confident that I will be able to accommodate this very important commitment.
