1. Presentation (3/3)

Conferences & Events

- Annual meeting of the Japanese Association of the Cardiovascular Nursing
1 Oct -2 Oct 2022 (Hybrid, Online/Live), Osaka, Japan
- **JACN online seminar**
 - Nursing care for cardiovascular patients with multiple comorbidities (2022-06)
 - Decision support for heart failure patients (2021-11-27)
 - The Japanese National Plan for Promotion of Measures Against Cerebrovascular and Cardiovascular Disease (2021-06-27)

2. Challenges & barriers among our nursing community

- The aging society in Japan
2019: People ≥ 65 years, 28.4%, People ≥ 75 years, 13.8%
2036: People ≥ 65 years, 33.3%.
- The number of patients with cardiovascular diseases is increasing.
- Improve a home- and community-based care and provide continuity of care
- Need to improve quality of palliative care
- Language barriers. Disseminate important scientific papers in English
- Recruiting new healthcare professionals in the community.

3. Involvement with ACNAP

Key areas to develop for the nursing community

- Regular participation during National Conference Calls
- Implement and disseminate the new knowledge and skills of cardiovascular nursing
- Expand networks for clinical and research nurses
- Collaborative research (e.g., ACNAP survey)
