

EACVI Vice-President-Elects – Job description

Introduction

The European Association of Cardiovascular Imaging contributes to the mission statement of the ESC which is “to reduce the burden of cardiovascular disease”.

In its sub-specialty area of Cardiovascular Imaging, the European Association of Cardiovascular Imaging is committed to “promote excellence in clinical diagnosis, research, technical development, and education in cardiovascular imaging”.

The European Association of Cardiovascular Imaging takes responsibility for education and training of cardiologists and other professionals involved in Cardiovascular Imaging in the ESC member countries, and for the development of standards for their training, continuous education and professional conduct. In addition, the European Association of Cardiovascular Imaging promotes education, training and standards throughout the world.

Within the framework of the European Society of Cardiology, the EACVI objectives are:

1. To support the ESC mission.
2. To develop a strong multi-modality imaging association.
3. To represent the three Constituent Bodies (Section Echo, Section CMR and Section Nuclear Cardiology/Cardiac CT) in the new structure in a balanced way. This includes a commitment to strive towards an EACVI leadership that truly reflects the multi-modality nature of the EACVI.
4. To promote patient- rather than technology-centred research and clinical practice.
5. To organise the EACVI congress and section-specific meetings.
6. To publish and further promote the European Heart Journal Cardiovascular Imaging (EHJ-CVI).
7. To certify individuals who have achieved appropriate standards of clinical and research excellence and quality performance in Cardiovascular Imaging.
8. To accredit clinical laboratories which have attained appropriate standards of excellence in Cardiovascular Imaging.
9. To contribute to the ESC annual congress and participate in the Board committees of the ESC.
10. To cooperate with all organs and communities of the ESC, and with the National Working Groups, associations or societies, on matters of Cardiovascular Imaging.
11. Collaborate with other international organisations for Cardiovascular Imaging.
