

(A)CHD EACVI Task Force Online symposium on Congenital Heart Disease Friday, 25th March 2022

Programme director: L. Elif Sade

Hosts: Giovanni Di Salvo, Jolien Roos-Hesselink

Welcome address

16:00 - 16:05	Welcome and Introduction	5 min
---------------	--------------------------	-------

Session 1 - Atrial septal defect type secundum and sinus venosus septal defect

16:05 - 16:20	Multimodality imaging of the interatrial septum	15 min
16:20 - 16:35	Procedural guidance of ASD 2 closure	15 min
16:35 - 16:50	Percutaneous closure of PAPVC sinus venosus septal defect	15 min
16:50 - 17:10	Discussion	20 min

Session 2: Aortic Coarctation

17:15 - 17:25	Echocardiography in the diagnosis and surgical planning of aortic coarctation	15 min
17:25 - 17:35	Multimodality Imaging in the Follow up of patients with repaired aortic coarctation	15 min
17:35 - 17:55	Procedural imaging and 3D printing	15 min
17:55 - 18:15	Discussion	20 min

18:15 - 18:45	Coffee Break	20 min
---------------	--------------	--------

Session 3: Tetralogy of Fallot (TOF)

18:45 - 19:00	Echocardiography in the diagnosis and surgical planning of TOF patients	15 min
19:00 - 19:15	Multimodality imaging for the follow up of repaired TOF patients	15 min
19:15 - 19:30	Follow up of PV homograft: a Multimodality Imaging approach	15 min
19:30 - 19:50	Discussion	20 min
