

EACVI TEACHING COURSE

Guidelines and imaging in valve diseases

23rd March 2013

Hotel Radisson, Szczecin pl. Rodla 10, Poland

Course Programme

I. EACVI ECC WELCOME SESSION

Chairpersons: P. Lancellotti (BE), L. Badano (IT), G. Habib (FR), E. Plonska-Gosciniak (PL)

8.30-8.35 President welcome P. Lancellotti (BE)

8.35-8.40. What is EACVI ? What is the European Communities Committee? E. Plonska (PL)

8.40- 8.45. How to “use” EACVI? P. Lipiec (PL)

8.45-9.05 Honorary Lecture: Applying stress to understand the valve disease P. Lancellotti (BE)

I. AORTIC VALVE DISEASE - GUIDELINESS AND IMAGING

Chairpersons: G. Habib (FR), D. Erwan (FR), E. Plonska-Gosciniak (PL)

9.15-9.30. Aortic valve disease – clinical decision making AD 2013 E. Plonska-Gosciniak (PL)

9.30- 9.50. Aortic stenosis – critical imaging principles J. D. Kasprzak (PL)

9.50-10.10. TAVI – qualification, monitoring, pitfalls A. Gackowski (PL)

10.10-10.30 Aortic valve regurgitation Z. Gasior (PL)

II. MITRAL VALVE DISEASE – GUIDELINESS AND IMAGING

Chairpersons: L. Badano (IT), J. D. Kasprzak (PL), A. Gackowski (PL)

11.00-11.20 Mitral stenosis – current imaging and clinical decisions A. Szyszka (PL)

11.20-11.40 Mitral regurgitation – quantification and decision-making L.P. Badano (IT)

11.50-12.10 Progress in assessment of functional mitral regurgitation P. Lancellotti (BE)

12.10- 12.30 Percutaneous mitral valve interventions – qualification and monitoring T. Kukulski (PL)

12.40-13.00 Surgical referral and techniques M. Deja (PL)

13.00-14.00 Lunch

III. MISCELLANEOUS PROBLEMS

Chairpersons: F. Flachskamp (GE), J. Voight (BE), Z. Gasior (PL)

14. 00 – 14.20 Tricuspid valve disease – critical imaging aspects J.U. Voight (BE)

14.20- 14.40 Imaging prosthetic valve problems F. Flachskampf (GE)

14.50-15.10 Imaging valvular endocarditis G. Habib (FR)

15. 10-15.30 Pitfalls in assessing multiple valvular disease D. Erwan (FR)

IV. OTHER IMAGING TECHNIQS AND IMAGING PEARLS IN VALVE DISEASE (case presentation)

Chairpersons: P. Lancellotti (BE), A. Szyszka (PL), E. Plonska, T. Kukulski (PL)

16.00 -16.30 MRI/CT/ECHO: Which technique for which patient with valve disease C. Kepka (PL)

16.30-17.30 Case presentations

Valve puzzle all faculty

Complicated endocarditis G. Habib (FR)

Rare form of valve disease J.D. Kasprzak (PL)

Complicated percutaneous therapy P. Lipiec (PL)

18.00 Closing remarks P. Lancellotti (BE)
