What would you like to achieve if you were elected? Please provide your 3 main topics (max 500 words)

1-I want to represent the PCR on the EAPCI board giving my best, using the experience derived from my long career in both the EAPCI and the PCR.

2-I want to improve the bridges of collaboration between the two entities from the knowledge of the functioning of both systems and from empathy

3-I want to help achieve a collaboration between the two entities in which the best of each of them emerges

To reduce the burden of cardiovascular disease through Percutaneous Cardiovascular Interventions.

If you were elected, how do you envisage to organize yourself to accommodate this very time demanding additional commitment?

With the multiple positions of responsibility that I have held throughout my professional life, I have learned to manage my time effectively. In fact my slogan is "combining personal and professional development". I consider that I have managed to have balance in all aspects of my life.

To reduce the burden of cardiovascular disease through Percutaneous Cardiovascular Interventions.
