1. Broader Participation and Engagement in EAPCI: Inclusivity, Equity and Diversification

- Expanding **EAPCI representation** to all European regions
- Widening **membership** among non-interventional cardiologists, surgeons, nurses and allied professionals
- **Equitable distribution** of gender, ethnicity and geographical areas
- **Increasing** EAPCI membership among women (currently 15%), Eastern Europe (currently 16%) and the younger community

1. Broader Participation and Engagement in EAPCI: EAPCI

Global Framework to Achieve Global Impact

- **Ensuring** greater inclusivity amongst our global partners (26% of EAPCI members are from non-European Countries)
- **Developing** collaborations with national, international scientific societies and EuroPCR, through joint scientific documents and congress sessions

2. Educating Tomorrow's Leaders: Equitable Access to Educational Opportunities

- **Increasing fellowship grants** for early-career members
- **Developing micro-fellowship** and **EAPCI Online Coaching Programs** for early-career, mid-career and NAP
- **Supporting** EAPCI-EuroPCR Fellow course and attendance to EuroPCR
- **Enhancing** EAPCI **Young** committee participation

3. Active Engagement of Patients in EAPCI:

Increase Patient-Centric Vision of the Association

- **Partnerships** with patient advocacy groups
- Creation of a patient **committee** or forum
- Increasing patient **representation** in EAPCI committees, activities and scientific documents
