

- **Heart Failure Awareness Days 2019**

- **Report from:**

- **Bosnia and Herzegovina**
- **Larisa Dizdarevic-Hudic**

# INFORMATION

- **We had public events at few city squares in our country and also activities in Clinics**
- **Heart failure awareness days were mentioned at TV and radio programs and we had also TV shows in which our national experts and physicians spoken about HF**

**There were printed materials for patients, but we are in process of making new newsletters in order to improve patients health care and HF awareness**

**We are planning to have political and patients engagement next year**
