

SCIENTIFIC PROGRAMME

Friday, 7th October 2022

08:30 – 09:30	WHAT'S NEW IN MYOCARDIAL DISEASES. THE ITALIAN RESEARCH - Joint Session with the Italian Study Group on Myocardial and Pericardial Diseases (ROOM A) Chairs: C. Autore, G.M. De Ferrari	
	Dilated cardiomyopathy: contemporary trends and multimodality characterization M. Merlo	10 min
	Hypertrophic cardiomyopathy: risk stratification and new treatments C. Autore	10 min
	Cardiac amyloidosis from bench to bedside C. Rapezzi	10 min
	Arrhythmogenic cardiomyopathy: spectrum of disease and Padua criteria D. Corrado	10 min
	Discussion Discussants: M. Imazio, C. Giustetto	20 min
08:30 – 09:30	CATCH UP: DIAGNOSIS OF MYOCARDITIS (ROOM B) Chairs: P. Kuchynka, M. Sheppard	
	Current status: Diagnosis of myocarditis in clinical practice A. Caforio	10 min
	EMBs and differential diagnosis C. Basso	10 min
	New insight: Results from Single cell analysis of EMBs C. Tschöpe	10 min
	Virus detection in EMBs and treatment options: are all viruses the same? C. Tschöpe	10 min
	Discussion Discussants: E. Ammirati, C. Chimenti	20 min
09:30 – 10:00	GODWIN AWARD LECTURE (ROOM A - plenary) Chair: A. Pantazis	
	Classification of CMPs: is it time for a change? G. Thiene	30 min
10:00 – 11:00	<i>Coffee Break & Moderated Posters</i> Chairs: A. Pantazis, A. Rigopoulos	

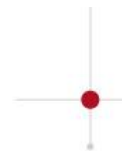

M&PD 2022

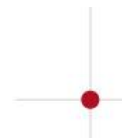

THE ANNUAL MEETING OF THE ESC WORKING GROUP ON
MYOCARDIAL & PERICARDIAL DISEASES

7-8 OCTOBER 2022
TURIN, ITALY

11:00 – 11:30	INAUGURAL SESSION (room A-plenary)	
11:30-12:30	ARRYTHMOGENIC CARDIOMYOPATHIES – Joint Session with EHRA (ROOM A) Chairs: L. Crotti, A. Pantazis	
	EHRA Lecture L. Crotti	15 min
	Risk stratification in ACM: prognostic signs and symptoms, recommendations and risk scores D. Corrado	15 min
	The role of cardiac sympathetic denervation in the management of arrhythmia V. Dusi	10 min
	Discussion Discussants: G.M. De Ferrari, S. Frea	20 min
11:30 – 12:30	MYOCARDITIS AND PERICARDITIS IN COVID-19 PANDEMIC (ROOM B) Chairs: A. Brucato, M. Merlo	
	Case 1. Myocarditis and Covid-19 infection: myth or reality? M. Merlo	10 min
	Case 2. Myocarditis following COVID-19 vaccination K. Klingel	10 min
	Case 3. Pericarditis and Pericardial effusions in COVID-19 pandemic M. Imazio	10 min
	Case 4. Long COVID: mechanisms and treatments A. Brucato	10 min
	Discussion Discussants: C. Tschöpe, G. Lazaros	20 min
12:30 – 13:30	 <i>Lunch & Industry Satellite Symposium (room A)</i> Colchicine for cardiovascular medicine: a primer for cardiologists Chairs: G. Lazaros, C. Tschöpe	
	Essential pharmacology, safety and interactions A. Brucato	20 min
	<i>Questions and Answers</i>	10 min
	Cardiovascular applications: old and new M. Imazio	20 min
	<i>Questions and Answers</i>	10 min

13:30 – 14:30	HYPERTROPHIC CARDIOMYOPATHY – PRESENT AND FUTURE (ROOM A) Chairs: I. Olivotto, A. Pantazis	
	HCM: what's new on the other side of the Ocean? The 2020 AHA Guidelines I. Olivotto	10 min
	HCM: management options for septal reduction therapy M. T. Tome Esteban	10 min
	Present and Future treatments J. Gimeno Blanes	10 min
	Unmet needs A. Pantazis	10 min
	Discussion Discussants: A. Rigopoulos, C. Autore	20 min
13:30 – 14:30	MULTIMODALITY IMAGING IN CMPS AND MYOPERICARDIAL DISEASES – Joint Session with EACVI (ROOM B) Chairs: P. Kuchynka, A. Lopez Sainz	
	The role of multimodality imaging in CMPs and myopericardial diseases A. Lopez Sainz	15 min
	Clinical decision support systems in myocardial and pericardial diseases L. Monserrat	10 min
	The non-ischemic scar: initial cardiomyopathy? D. Muser	10 min
	The future imaging J. Kuusisto	10 min
	Discussion Discussants: A. Andreis, G. Lazaros	15 min
14:30 – 15:30	<i>Coffee Break & Moderated Posters</i> Chairs: G.M. De Ferrari, A. Lopez Sainz	
15:30 – 16:30	DILATED CARDIOMYOPATHY (ROOM A) Chairs: B. Maisch, F. Brun	
	DCM: Challenges of the correct genetic testing interpretation P. Charron	15 min
	Case Presenters: New therapies for genetically derived CMPs F. Brun	10 min
	Multiparametric risk scores in non-ischemic dilated CMPs S. Prasad	10 min
	Polygenic and epigenetic in DCM A. Rigopoulos	10 min
	Discussion Discussants: A. Rigopoulos, P. Elliott	15 min

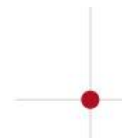

M&PD 2022

THE ANNUAL MEETING OF THE ESC WORKING GROUP ON
MYOCARDIAL & PERICARDIAL DISEASES

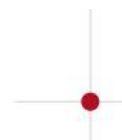

7-8 OCTOBER 2022
TURIN, ITALY

15:30 – 16:30	SPECIFIC FORMS OF MYOCARDITIS (ROOM B)	
	Chairs: M. Imazio, P. Kuchynka	
	Sarcoidosis: prevalence spectrum of the phenotype and optimal management A. Pantazis	15 min
	Case Presenters: Case 1. Fulminant myocarditis E. Ammirati	10 min
	Case 2. Giant Cell myocarditis L. Cooper	10 min
	Case 3. Eosinophilic myocarditis C. Raineri	10 min
	Discussion Discussants: C. Tschöpe, J. Kuusisto	15 min
16:30 – 17:30	YOUNG INVESTIGATOR AWARDS – CARDIOMYOPATHIES Chairs: G.M. De Ferrari, A. Pantazis, A. Rigopoulos, A. Lopez Sainz	
16:30 – 17:30	YOUNG INVESTIGATOR AWARDS - MYOCARDIAL / PERICARDIAL DISEASES Chairs: M. Imazio, C. Tschöpe, G. Lazaros, A. Brucato	
17:30 – 18:30	GENERAL ASSEMBLY OF THE ESC WORKING GROUP ON MYOCARDIAL & PERICARDIAL DISEASES	
18:30 – 19:30	NETWORKING RECEPTION	

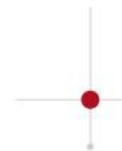

● Saturday, 8th October 2022 ●

08:30 – 09:30	WHEN HISTOLOGY ENCOUNTERS CARDIOMYOPATHIES (ROOM A) Chairs: A. Pantazis, M. T. Tome Esteban	
	Pathology of sudden cardiac death in pediatric cardiomyopathy M. Sheppard	10 min
	From hypertrophy to inflammation: a pathologist view C. Basso	10 min
	Mitochondrial and neuromuscular cardiomyopathy: don't forget to think about! G. Limongelli	10 min
	Metabolic disease: the importance of an early diagnosis M. T. Tome Esteban	10 min
	Discussion Discussants: A. Rigopoulos, J. Gimeno Blanes	20 min
08:30 – 09:30	ALL YOU NEED TO KNOW ABOUT PERICARDIAL DISEASES (ROOM B) Chairs: G. Lazaros, B. Maisch	
	How to manage recurrent pericarditis M. Imazio	10 min
	How to recognize and treat constriction A. Klein	10 min
	How to measure pericardial effusion and how to manage it G. Lazaros	10 min
	How to perform pericardiocentesis A. Ristic	10 min
	Discussion Discussants: I. Burazor, M. De Biasio	20 min
09:30 – 10:00	MYOCARDITIS AWARD LECTURE (ROOM A) Chair: A. Frustaci	
	Inflammation in heart failure: from myocardial infarction, HFrEF, HFpEF to myocarditis C. Tschöpe	30 min
09:30 – 10:00	SHABETAI-SPODICK AWARD LECTURE (ROOM B) Chair: A. Keren	
	Evolution of pericardial diseases G. Lazaros	30 min
10:00 – 11:00	<i>Coffee Break & Moderated Posters</i> Chairs: P. Kuchynka, C. Tschöpe	

11:00 – 12:00	CMPS AND HEART FAILURE - Joint Session with HFA (ROOM A) Chairs: G. M. De Ferrari, A. Ristic	
	Heart Failure in CMPs P. Seferovic	20 min
	Case Presenters: Case 1. Early detection of HF in CMPs F. Brun	10 min
	Case 2. New pharmacological treatments for HF in pts with CMPs? M. Metra	10 min
	Adiposity and Diabetes: Role of epicardial fat in HFpEF J. Kuusisto	10 min
	Discussion Discussants: S. Pidello, C. Tschöpe	15 min
11:00 – 12:00	THE INFLAMMASOME AND MYOPERICARDIAL DISEASES (ROOM B) Chairs: A. Brucato, G. Lazaros	
	What is the inflammasome and why it is important for cardiologists S. Toldo	15 min
	Case Presenters: Case 1. Corticosteroid-dependent recurrent pericarditis A. Andreis	10 min
	Case 2. Myocarditis treated by anti IL1 agents V. Collini	10 min
	Practical guide for the prescription of anti IL 1 agents M. Imazio	10 min
	Discussion Discussants: I. Burazor, P. Kuchynka	15 min
12:00 – 13:00	<i>Lunch</i>	
13:00 – 14:00	GENETICS IN CARDIOMYOPATHIES (ROOM A) Chairs: P. Elliott, J. Mogensen	
	LMNA L. Monserrat	15 min
	DSP and FLNC: when the gene matters L. Crotti	10 min
	TTN and SCN5A: is it always a disease-causing variant? P. Elliott	10 min
	Genetics in CMPs: future perspective F. Brun	10 min
	Discussion Discussants: V. Dusi, P. Charron	15 min

13:00 – 14:00	SPORTS CARDIOLOGY SECTION OF THE EAPC – Joint Session (ROOM B)	
	Chairs: G.M. De Ferrari, M. Papadakis	
	Athlete's heart or cardiomyopathy? Genetic testing in athletes S. Castelletti	10 min
	Into the wall thickness: hypertrophy and sports M. Papadakis	10 min
	What is the right size? Heart dilatation in athletes A. Lopez Sainz	10 min
	Hypertrabeculation: look beyond the net J. Gimeno Blanes	10 min
14:00 – 15:00	Discussion Discussants: E. Toso, D. Corrado	20 min
	<i>Coffee Break & Moderated Posters</i> Chairs: M. Imazio, G. Lazaros	
15:00 – 16:00	SPECIAL SESSION WITH YOUNG CARDIOLOGISTS OF THE WG - Joint Session (ROOM A)	
	Myopericardial challenge: What is your diagnosis? Best scores to win a registration for next WG Congress	
	Chairs: I. Burazor, S. Castelletti	
	Tips and Tricks in the Management of Cardiac Tamponade A. Ristic	15 min
	Case Presenters: Case 1. Mitral insufficiency and myocarditis M. De Biasio	10 min
	Case 2. Restrictive Cardiomyopathy and pre-pregnancy counselling S. Castelletti	10 min
	Case 3. A strange case with heart failure E. Lazarou	10 min
	Discussion	15 min
	ESC WG Young Investigator Awards and Closing Remarks	

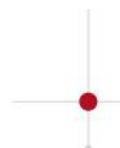

M&PD 2022

THE ANNUAL MEETING OF THE ESC WORKING GROUP ON
MYOCARDIAL & PERICARDIAL DISEASES

7-8 OCTOBER 2022
TURIN, ITALY

SPONSORS

Blueprint Genetics

This International Conference is supported by Acarpia Farmaceutici, Amicus Therapeutics, Blueprint Genetics, Kiniksa Pharmaceuticals, Pfizer and Tenaya Therapeutics in the form of an educational grant. The scientific programme has not been influenced in any way by its sponsors.
