

# Grants for EHRA 2019 annual congress

EHRA yearly congress is the best opportunity to present cutting-edge research and clinical findings to a wide range of practitioners, 2019 congress edition is taking place in Lisbon from 17-19 March.

Since 1 January 2018, EHRA is facing new challenges, most notably the revised MedTech Europe code, which prohibits the direct sponsoring by medical device companies of a delegate's congress attendance. In this respect, EHRA provides grants to facilitate attendance to as many delegates as possible, depending on their status.

**To make the most of these opportunities [update your My ESC Account](#) as fully as possible (including the new fields institution and role).**

	Educational Grants	Congress Travel Grants	Industry Supported Grants
<b>Who's concerned?</b>	EHRA members from ESC member countries	Abstract presenters under 40	Everyone with an updated My ESC account
