

European Association of Cardiovascular Imaging Section Cardiovascular Magnetic Resonance

Check List Certification in Level 2/3

I
hereby confirm that I have personally reported the scans included in my logbook and completed the necessary higher medical training in CMR to be eligible to apply for Level _____ in the European CMR Certification process.

In addition I have included all the following items within my logbook submission:

A cover letter

This completed and signed Check List

Signed letter of support from my level 3 CMR certified supervisor – *including evidence that they are level 3 European CMR or SCMR certified*

Certificate of successful participation a European CMR exam

A letter confirming that I have personally reported scans in my logbook, am in a recognised medical training post

Evidence of being a registered physician *e.g. a valid letter or certificate from your place of work*

My completed case Logbook list

Proof of CME (continued medical education) in CMR:

Level 2: 30 hours

Level 3: 50 hours

Advanced Cardiac Life Support (ACLS) documentation (*still valid and in date*) OR evidence of the fact that life support is part of my routine practice - *e.g. I practice as an interventional cardiologist*
