Finances:

For 2008, about 50'000.- Euros of confirmed sponsorship is still outstanding. With this sum collected, a balanced budget for 2008 is expected.

For 2009, negotiations with potential sponsors are ongoing, but no definite estimate is possible at this time. The next EuroCMR Meeting in Athens must achieve a balanced budget given the present sponsorship situation.

Juerg Schwitter, MD, FESC

Chairman "EuroCMR" of the ESC
