

**Elections to the
European Association of Percutaneous
Cardiovascular Interventions (EAPCI)
Board 2011-2013**

**Application for the following position in the
EAPCI Board:** *(please apply to one position only and
specify):*

Treasurer

YOUR IDENTITY

Title: DR

Family Name: Morice

First Name: Marie-Claude

ESC ID:**

Date of birth:

Current Position: Head of the Insitut Cardiovasculaire Paris Sud

Type of Address:

Address:

Country: France

E-mail:

Telephone:

Mobile Tel:

Fax:

****If you have no My ESC Account, please register at www.escardio.org and click on the top right corner on
"log in to My ESC" (see visual below)**

ADDITIONAL INFORMATION

- **Your profession**

x Interventionalist

- **Are you a fellow of the ESC?** **Yes**
- **Are you a member of EAPCI?** **Yes**
- **Are you member of a National Society?** **Yes**
- please specify
French Society of Cardiology

- **Are you member of an Interventional Working Group?** **Yes**
- please specify
GACI

N.B: Letter(s) of support from any relevant group are welcome

(see enclosed letter of endorsement by GACI)

GENERAL CV (as it pertains to PCI) (300 words max)

- 1976-1995** Head of the Department of PTCA and Haemodynamics in CCN, Paris (N° 2 PTCA center in France in 1990)
- 1989-2010 Course co-director: Prof. Marco's euroPCR course
- 1991 Co-author of "the Recommendations for the Training of Physicians in Coronary Angiograms and PTCA" upon request of the Ethics Committee of the French Society of Cardiology
- 1991-1993 Adviser to the Department of Social Security and to the Health Ministry (New Technologies)
Chair of the group of Haemodynamics - French Society of Cardiology
- 1993 to date** Guest speaker at all major international meetings (European Society of Cardiology, ACC, AHA, TCT TOPIC)
- 1995 to date** Head of the Institut Cardiovasculaire Paris Sud
- 1995 Co-Founder of the French study group 'Coronary Stenting Without Coumadin' (development of post stenting treatment with Ticlid and aspirin)
voted "Best Clinical Researcher" for 1995 – (Erasmus University)
- 1999-2004** Expert with the ARH (Regional Hospital Agency) for SROSS CARDIO (planning of Cardiology activity)
- 2003 to date Guest Faculty of the TEAM Congress (Madrid) and the JIM Congress (Rome)
2004 Honorary Professor – Universidad Del Salvador, Buenos Aires, Argentina
- 2005-2009 Director of the TEP course (French-South American Course of Interventional Cardiology)
Live case demonstrations from Institut Hospitalier Jacques Cartier
- 2008** President of the European Center for Cardiovascular Research (CERC)

Principal Research Activities

- Co-Founder of the French Study Group 'Coronary Stenting Without Coumadin'
(post-stenting treatment with ticlid and aspirin)

- Principal Investigator of the RAVEL study 1st worldwide randomized study on drug-eluting stents

A randomized study with the Sirolimus coated Bx Velocity balloon-expandable stent in the treatment of patients with de novo native coronary artery lesions.

- Principal Investigator of the REALITY study

A Prospective Randomized Multi-Center Comparison of the Cypher™ Sirolimus-Eluting and the Taxus™ Paclitaxel-Eluting Stent Systems

Co-Principal Investigator of the SYNTAX study

Synergy between PCI with TAXUS™ and Cardiac Surgery.

Previous experience in EAPCI, ESC or your National Bodies?

Chair of the Haemodynamics Group of the French Society of Cardiology (1991-1994)

Member of the coronary circulation working group

Council active member of the CCVI

Publications in the field of PCI (please list 10 max)

G. J. Karrison, **MC Morice**, E. Benvéniste, et al. Intracoronary Stent Implantation Without Ultrasound Guidances and With Replacement of Conventional Anticoagulation by Antiplatelet Therapy: 30-Day Clinical Outcome of the French Multicenter Registry. *Circulation* Volume 94 Number 7 October 1, 1996, p 1519-27

C. Loubeyre, **M.-C. Morice**, T. Lefèvre, J.-F. Piéchaud, Y. Louvard, P. Dumas. A Randomized comparison of direct stenting with conventional stent implantation in selected patients with acute myocardial infarction. *J Am Coll Cardiol* 2002;39:15-21

M.C. Morice, PW Serruys, JE Sousa, et al. A randomized comparison of a sirolimus-eluting stent with a standard stent for coronary revascularization. *N Engl J Med* 2002;346:1773-80

MC. Morice. A new era in the treatment of coronary disease ? *European Heart Journal* 2003;24:209-211

Morice MC, Colombo A, Meier B, Serruys P, Tamburino C, Guagliumi G, Sousa E, Stoll HP for the Reality Trial Investigators. Sirolimus- vs Paclitaxeluting stents in de novo coronary artery lesions. The REALITY Trial: A randomised controlled study. *JAMA* 2006;295:895-904

Spaulding C, **Morice MC**, Lancelin B, El Haddad S, Lepage E, Bataille S, Tresca JP, Mouranche X, Fosse S, Monchi M, de Vernejoul N for the CARDIO-ARIF registry investigators. Is the volume-outcome relation still an issue in the era of PCI with systematic stenting? Results of the greater Paris area PCI registry. *European Heart Journal* 2006;27:1054-1060

Morice MC, Bestehorn HP, Carrié D, Macaya C, Aengevaeren W, Wijns W, Dubois C, de Winter R, Verheye S, Hoffmann S, Pachinger O, Di Mario C. Direct stenting of de novo coronary stenosis with tacrolimus-eluting versus carbon-coated carbostents. The randomized JUPITER II trial. *EuroInterv* 2006;2:45-52

Morice MC, Serruys PW, Barragan P, et al. Long-term clinical outcomes with sirolimus-eluting coronary stents. Five-year results of the RAVEL trial. *J Am Coll Cardiol* 2007;50:1299-1304

Serruys PW, **Morice MC**, Kappetein AP, Colombo A, Holmes DR, Mack MJ, Stahle E, Feldman TE, van den Brand M, Bass EJ, Van Dyck N, Leadley K, Dawkins KD, Mohr FW; SYNTAX Investigators. Percutaneous coronary intervention versus coronary artery bypass grafting for severe coronary artery disease. *N Engl J Med* 2009;360:961-972

Morice MC, Serruys PW, Kappetein AP, et al. Outcomes in patients with de novo left main disease treated with either percutaneous coronary intervention using paclitaxel-eluting stents or coronary artery bypass graft treatment in the Synergy Between Percutaneous Intervention with Taxus and Cardiac Surgery (SYNTAX) trial. *Circulation* 2010;122:2645-2653

What would you like to achieve if you were elected? (150 words max)?

- work towards maximizing the synergistic interaction within EAPCI
- contribute to the creation of a star-shaped rather than pyramidal organization
- increase the visibility of the EAPCI with other European societies and worldwide
- focus on transmission of knowledge and skills through enhanced fellowship and educational programs
