4. Why are you interested in joining the EHRA Board (150 words max)?

I have been working for EHRA for 8 years and I am working in the Board since 2011 as chair of the certification committee. It is an important and challenging task to develop optimal quality in arrhythmia healthcare, considering the diversity in health care systems in Europe. It is a pleasure and privilege to work with highly motivated and enthusiastic electrophysiologists from all European countries and I would like to continue this work for the benefit of our patients and EHRA.

5. How will you coordinate your EHRA appointment with your daily clinical/research workload?

Working for EHRA as certification committee chair and Board member I have successfully coordinated my EHRA appointment with research/clinical work during the last 4 years. A clear organizational structure, a clear description of the tasks, and an effective communication is very important. Likewise important is the support of the institution and colleagues.

6. Please list your conflict of interest

- A/Direct personal payments (speaker fees, honoraria, advisory board fees, consultancy, investigator, ..)
- B/ payments to your institution ((speaker fees, honoraria, advisory board fees, consultancy, investigator, ..),
- C/receipts of royalties for intellectual property
- D/ research funding (departmental or institutional)
- E/ research funding (personal)
