

WORKSHOP ON PHYSIOLOGICAL MONITORING IN HEART FAILURE

HFA Co-morbidities Committee

7 December 2017

Roma, ITALY

COORDINATOR: PROF. ANDREW J. COATS (UK) *Coordinator of HFA Co-morbidities Committee*

LOCAL HOST: PROF. MAURIZIO VOLTERRANI (IT) *IRCCS San Raffaele Pisana, Rome*

PRELIMINARY PROGRAMME

09:00-09.15	Welcome addresses and aims of the meeting	A. Coats - M. Marletta
09:15-11:00	Session 1 - Chairs	A. Coats – S. von Haehling
	Clinical Monitoring	
	1.1 Monitoring Heart Failure - biomarkers and clinical assessment – what, how often and who does it?	M. Senni (GR will ask)
	1.2 Remote Monitoring and Telemedicine - Non-invasive	M. Volterrani (I will ask)
	1.3 Monitoring functional capacity	M. Piepoli
	Physiological Monitoring	
	1.4 Implantable Monitoring	M. Böhm (A. Coats to deliver)
	1.5 The Trialist's perspective - What do you need to prove for monitoring devices to be approved	C. Angermann
	1.6 Round table discussion	Chair: M. Marletta
	The Payer's Perspective - What makes additional clinical monitoring worth paying for?	
11:00 - 11:15	Coffee break	
11.15-12.45	Session 2 – Chairs	P. Seferovic - M. Volterrani
	The Complex Multi-morbid HF Patient – Common Co-Morbidities we need to monitor	
	2.1 CKD, renal function, Na and K	P. Rossignol
	2.2 Diabetes and monitoring Glucose control	P. Jhund
	2.3 Iron deficiency - what to measure, how and when to treat, when to repeat?	P. Ponikowski
	2.4 What about Lung disease and Sleep Disordered Breathing?	M. Lainscak
	2.5 Round table discussion	Chair: M. Volterrani
	The Health System: Who manages the data and who pays for it to be looked at?	
12:45 - 14:00	Lunch	
14:00 - 15:30	Session 3 – Chairs	P. Ponikowski/M Piepoli
	Advanced HF – Sicker patients need more intense monitoring	
	3.1 Simple things matter: Heart rate and Blood Pressure- do we need to monitor to targets?	P. Ponikowski
	3.2 PA Pressure Monitoring	W. Abraham (S. von Haehling to deliver)
	3.3 LV function - Echo and other imaging, when and how often?	J. Celutkienė
	3.4 Producing an effective care plan:	L. Hill
15.30-15.45	Tea/Coffee Break	
15.45-18.00	Session 4 - Chairs	M. Lainscak - M. Volterrani
	Round table discussion: Monitoring physiological parameters and reduction of hospitalisations - can we afford the costs? Can we manage the data?	
	A. Coats M. Marletta P. Seferovic W. Ricciardi M.Lainscak S. Vella	
	P. Ponikowski S. von Haehling P. Jhund	
19.30-21.30	Conference Dinner
