Care vs Cure vs Rehabilitation in Heart Failure Patients

21-22 March 2018

4th HFA Educational Training Practical Course on “Rehabilitation and Long Term Management of Heart Failure Patients”

CNR (National Research Council) Research Area
via G. Moruzzi 1, Pisa
Welcome to the HFA Training Workshop on Rehabilitation and Long Term Management of Heart Failure Patients

Heart failure is the single most important cause of hospitalisation and one of the leading causes of mortality. Its burden on clinical medicine is expected to rise exponentially in the next few years.

Secondary prevention and cardiac rehabilitation accompanying Guidelines recommended medical treatment are the cornerstones of management, but a majority of heart failure patients do not achieve best standards, predisposing them to progression of the disease, recurrent events, and re-hospitalisations.

Personalised programmes have the potential to instill a healthier lifestyle, increase risk factor control and adherence to cardio-protective medication.

However, in most European countries, less than 50% of heart failure patients attend these programmes. There is a clear need to improve the situation by increasing the number of modern preventive cardiology programmes, facilitating the access to these programmes, and tailoring these programmes to the patients’ requirements.

Moreover, the fixed-term and often centre-based programmes have to move towards concepts for long-term management of heart failure patients.

Course Directors

Prof. Massimo F. Piepoli, Guglielmo da Saliceto Hospital, Piacenza, Italy
Prof. Piotr Ponikowski, Medical University, Wroclaw, Poland
Prof. Petar Seferovic, University Medical Center, Belgrade, Serbia

Local Organisers

Prof. Michele Emdin, Scuola Superiore S. Anna, Pisa, Italy
Prof. Claudio Passino, Scuola Superiore S. Anna, Pisa, Italy

Faculty

Prof. Piergiuseppe Agostoni, University of Milan, Italy
Dr. Gaia Cattadori, Ospedale San Giuseppe, Milan, Italy
Prof. Andrew JS Coats, University of Warwick, United Kingdom
Prof. Ugo Corrà, Istituti Scientifici S Maugeri, Veruno, Italy
Prof. Michele Emdin, Scuola Superiore S. Anna, Pisa, Italy
Dr. Alberto Giannoni, Fondazione Toscana Gabriele Monasterio per la Ricerca Medica e di Sanità Pubblica, Pisa, Italy
Prof. Tiny Jaarsma, University of Linköping, Sweden
Prof. Mitja Lainscak, University Clinic, Golnik, Slovenia
Prof. Claudio Passino, Scuola Superiore S. Anna, Pisa, Italy
Prof. Massimo F. Piepoli, Guglielmo da Saliceto Hospital, Piacenza, Italy
Prof. Piotr Ponikowski, Medical University, Wroclaw, Poland
Prof. Michele Senni, AO Papa Giovanni XXIII, Bergamo, Italy
Prof. Petar Seferovic, University Medical Center, Belgrade, Serbia
Dr. Giuseppe Vergaro, Fondazione Toscana Gabriele Monasterio per la Ricerca Medica e di Sanità Pubblica, Pisa, Italy
Prof. Maurizio Volterrani, IRCCS San Raffaele Pisana, Rome, Italy

Educational objectives

- Learn to set up and run a modern preventive cardiology programme, including risk factor control, optimal medical therapy, exercise-based cardiac rehabilitation in different heart failure populations
- Learn how to implement a multidisciplinary approach (including smoking cessation, nutrition, psychosocial, vocational and social counselling)
- Special focus on long-term management in heart failure patients
- Special focus on new emerging scenarios and new therapeutic approaches
- Special focus on new frontiers, and alternative concepts in secondary prevention

The content of the course covers essential knowledge on secondary prevention and rehabilitation of heart failure patients, according to the Core Curriculum for the European Cardiologist.

The course approach is practical, including plenary clinical case discussion rounds, workshops, and live demonstrations of patient management.

Target Audience

This course is addressed to the multidisciplinary team of specialists working in the field of secondary prevention and cardiac rehabilitation

- Cardiologists
- Internal Medicine
- Heart failure specialists
- Cardiac rehabilitation physicians
- General Practitioners
- Physiotherapists and sports scientists
- Nurses
### Day 1
#### Wednesday, March 21st

<table>
<thead>
<tr>
<th>13.00-14.00</th>
<th>Registration and buffet lunch</th>
</tr>
</thead>
<tbody>
<tr>
<td>14.00-14.15</td>
<td>WELCOME AND INTRODUCTION</td>
</tr>
</tbody>
</table>
| 14.15-14.35 | Welcome address and presentation of the HFA
  Massimo F. Piepoli, Piotr Ponikowski, Petar Seferovic |
| 14.35-14.55 | State of the art lectures. European Guidelines in Clinical Practice. The opinion of the Chairs
  ESC-HFA guidelines: novelty and challenges
  Piotr Ponikowski, Chair of the 2016 Heart Failure Guidelines |
  Massimo F. Piepoli, Chair of the 2016 Guidelines on Cardiovascular Disease Prevention |
| 15.10-15.20 | SESSION I ACUTE SETTING – FIRST STEPS IN Initializing CARDIAC REHABILITATION |
| 15.20-15.40 | Case presentation 1: HFrEF, NYHA III
  Alberto Giannoni |
| 15.40-16.00 | Assessment and risk stratification in the acute setting: when is it safe to start a rehabilitation program in Hospital?
  Michele Emdin |
| 16.00-16.15 | Q&A |
| 16.15-16.40 | Coffee break |
| 16.40-17.00 | SESSION II POST-ACUTE SETTING – FIRST STEPS IN Initializing A CARDIAC REHABILITATION AND SECONDARY PREVENTIVE PROGRAM |
| 17.00-17.20 | Case presentation 2: HFrEF, role of frailty and co-morbidities (DM, CKD, Hypertension, COPD, AF)
  Mitja Lainscak |
| 17.20-17.40 | Assessment and risk stratification in post-acute setting: which prognostic score?
  Piergiuseppe Agostoni |
| 17.40-18.00 | Evaluation of the patient for physical activity prescription: functional capacity assessment
  Ugo Corrà |
| 18.00-18.15 | 2 Live demonstration: Cardiopulmonary exercise testing
  Claudio Passino |
| 18.15-18.35 | SESSION III GUIDELINES TWO YEAR LATER |
| 18.35-18.55 | Therapeutic flowchart (iron deficiency, I, current inhibitor, ICD …): time to be updated?
  Piotr Ponikowski |
| 18.55-20.00 | Prevention in HF (in DM, Dyslipidemia, AF, Hypertension, hyperkalemia): new pharmacologic options
  Petar Seferovic |
| 20.00 | Visit of Ancient Camposanto in Piazza dei Miracoli and Dinner |

---

### Day 2
#### Thursday, March 22nd

<table>
<thead>
<tr>
<th>08.30-08.45</th>
<th>SESSION IV PHASE II REHABILITATION</th>
</tr>
</thead>
</table>
| 08.45-09.05 | Case presentation 3: NYHA II, CR in the outpatient setting. Risk stratification and optimization of pharma therapy to control HR
  Maurizio Volterrani |
| 09.05-09.25 | Role of new pharmacological therapies: ARNI treatment
  Michele Senni |
| 09.25-09.45 | Impact of comorbidities
  Andrew JS Coats |
| 09.45-10.00 | Prescription of exercise training and physical activity
  Massimo Piepoli |
| 10.00-10.30 | 3 Live demonstration: Endurance training
  Claudio Passino, Giuseppe Vergaro |
| 10.30-11.00 | Coffee break |
| 11.00-11.15 | SESSION V EMERGING SCENARIOS IN HF: CASE PRESENTATIONS |
| 11.15-11.30 | Case presentation 4: telerehabilitation, Wii gaming
  Tiny Jaarsma |
| 11.30-11.45 | Case presentation 5: difficult patients with angina and CAD
  Michele Senni |
| 11.45-12.00 | Case presentation 6: VAD patients
  Ugo Corrà |
| 12.00-12.15 | Case presentation 7: Heart failure and pulmonary hypertension
  PierGiuseppe Agostoni |
| 12.15-12.30 | Case presentation 8: Heart failure with DM: role of new SGLT 2 inhibitor therapy
  Petar Seferovic |
| 12.30-14.00 | Lunch |
| 14.00-14.15 | SESSION VI MULTIDISCIPLINARY APPROACH |
| 14.15-14.30 | How to deal with psychosocial and family problems?
  Gaia Cattadori |
| 14.30-14.45 | What is the best diet?
  Mitja Lainscak |
| 14.45-15.00 | How to deal with vocational, sex and other crucial items
  Tiny Jaarsma |
| 15.00-15.15 | Developing a business case for HF secondary prevention/rehabilitation
  Andrew JS Coats |
| 15.30-16.30 | SESSION VII DIFFERENT CHRONIC CARE MODELS IN HF |
| 16.30-17.00 | Introduction
  Michele Emdin, Massimo F. Piepoli |
| 16.30-17.00 | Different experiences. Round table
  Rome (M Volterrani), Belgrade (P Seferovic), Linköping (T Jaarsma), London (A Coats) |
| 17.00 | 4 Live demonstrations: Exercise training in practice
  Giuseppe Vergaro, Claudio Passino |
| 17.00 | Conclusion
  Massimo Piepoli, Michele Emdin |
Continuing Medical Education

This programme has been submitted to EBAC and CME accreditation.
