WORKSHOP ON PHYSIOLOGICAL MONITORING IN HEART FAILURE

HFA Co-morbidities Committee

7 December 2017

Roma, ITALY

COORDINATOR: PROF. ANDREW J. COATS (UK) Coordinator of HFA Co-morbidities Committee
LOCAL HOST: PROF. MAURIZIO VOLTERRANI (IT) IRCCS San Raffaele Pisana, Rome

This workshop is supported by Boehringer-Ingelheim and Eli Lilly Diabetes Alliance. The scientific programme has not been influenced in any way by its sponsor.
09:00-09.15 Welcome addresses and aims of the meeting
A. Coats - M. Marletta

09:15-11:00 Session 1 - Chairs
A. Coats – S. von Haehling

Clinical Monitoring
1.1 Monitoring Heart Failure - biomarkers and clinical assessment – what, how often and who does it? M. Senni (GR will ask)
1.2 Remote Monitoring and Telemedicine - Non-invasive M. Volterrani (I will ask)
1.3 Monitoring functional capacity M. Piepoli

Physiological Monitoring
1.4 Implantable Monitoring M. Böhm (A. Coats to deliver)
1.5 The Triallist's perspective - What do you need to prove for monitoring devices to be approved C. Angermann
1.6 Round table discussion
The Payer's Perspective - What makes additional clinical monitoring worth paying for? Chair: M. Marletta

11:00 - 11:15 Coffee break

11.15-12.45 Session 2 – Chairs
P. Seferovic - M. Volterrani

The Complex Multi-morbid HF Patient – Common Co-Morbidities we need to monitor
2.1 CKD, renal function, Na and K P. Rossignol
2.2 Diabetes and monitoring Glucose control P. Jhund
2.3 Iron deficiency - what to measure, how and when to treat, when to repeat? P. Ponikowski
2.4 What about Lung disease and Sleep Disordered Breathing? M. Lainscak

2.5 Round table discussion
The Health System: Who manages the data and who pays for it to be looked at? Chair: M. Volterrani

12:45 - 14:00 Lunch

14:00 - 15:30 Session 3 – Chairs
P. Ponikowski/M Piepoli

Advanced HF – Sicker patients need more intense monitoring
3.1 Simple things matter: Heart rate and Blood Pressure-do we need to monitor to targets? P. Ponikowski
3.2 PA Pressure Monitoring W. Abraham (S. von Haehling to deliver)
3.3 LV function - Echo and other imaging, when and how often? J. Celutkiene
3.4 Producing an effective care plan: L. Hill

15.30-15.45 Tea/Coffee Break

15.45-18.00 Session 4 - Chairs
M. Lainscak - M. Volterrani

Round table discussion: Monitoring physiological parameters and reduction of hospitalisations - can we afford the costs? Can we manage the data?
A. Coats M. Marletta P. Seferovic W. Ricciardi M.Lainscak S. Vella P. Ponikowski S. von Haehling P. Jhund

19.30-21.30 Conference Dinner
