All ESC Working Groups Overview – July 2019
This 2-day meeting of the ESC Working Group on Myocardial and Pericardial Diseases aims to communicate progress in basic science and practical management of myocardial and pericardial diseases to a broad audience with an interest in the conditions including physicians, specialist nurses, clinical researchers, pathologists, geneticists, basic scientist and young investigators. The meeting will focus in the live and interactive discussion of clinical cases and will try to facilitate the participation of both the senior and young clinical experts and researchers.

The meeting program will cover most of the hot topics in genetics, imaging, clinical management and therapies in cardiomyopathies, myocarditis and pericardial diseases.
Webinar project
IS IT TIME FOR PERSONALIZED DIAGNOSIS AND THERAPY FOR PERICARDITIS?

At the end of the course, the participant will be able to:
• How to diagnose complicated pericarditis by multimodality imaging
• How to treat refractory recurrent pericarditis
• Understand how to tailor therapies for a specific patient presentation

Tentative date: March 2020
Research & publications

Key Messages Booklets
Diagnosis and management of cardiac manifestations in anderson fabry disease and glycogen storage diseases – read more
Diagnosis and management of myocardial involvement in systemic immune-mediated disease – read more

Position papers in writing

ESC Textbook of Pericardial Diseases – in writing
Co-editors: Y Adler, M Imazio
Objective: Provide a comprehensive and updated review of contemporary knowledge on the epidemiology, aetiology, diagnosis, therapy and prognosis of pericardial diseases in order to improve the management and treatment of pericardial diseases in clinical practice.
Tentative publication date: 2021
2020 Elections

Elections for the following positions will be open in 2020
- Vice-Chairperson
- Nucleus member

Nucleus Member elections – timeline
Call for candidates: April 2020
Voting: May – June 2020
Announcement of results: July 2020

Nucleus members are elected by the members of that same Working Group whose country of work is an ESC Member Country. Further information on eligibility criteria & election process will be available in the call for candidates.
