E. Arbustini, Affiliate Nucleus Member in Charge of Cooperative Research Grant Applications

Definition of the Position of Affiliate Nucleus Member (ANM):

- A WG member temporarily in charge of a topic identified or approved by the Nucleus as representing a very high priority for the scientific, educational, collaborative work, etc. of the Working Group
- The period of a member's ANM appointment is decided by the Nucleus, according to the needs of the specific assignment involved
- The ANM will be invited to participate at Nucleus meetings at which the specific topic under her/his responsibility are discussed
- The ANM can not vote on any issue brought before the Nucleus even if it is related to the topic under her/his responsibility
- The ANM's performance for the benefit of the WG will be specifically mentioned and recognized if she/he will be a candidate for election as a Nucleus member

Financial Report

Finances

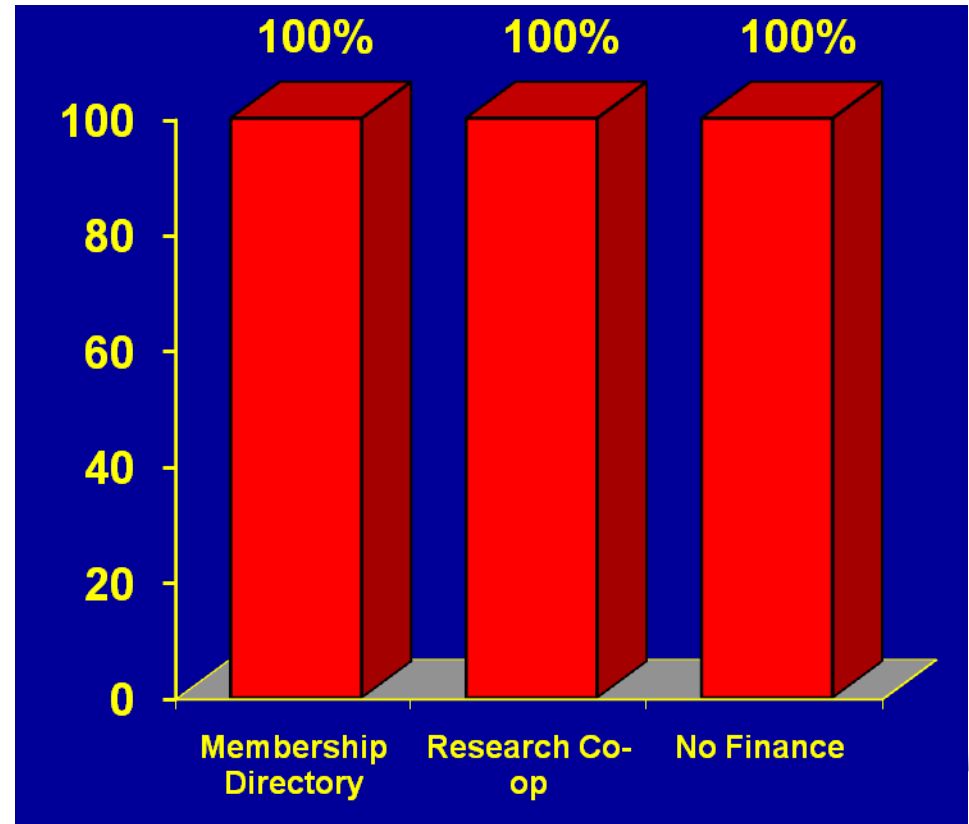

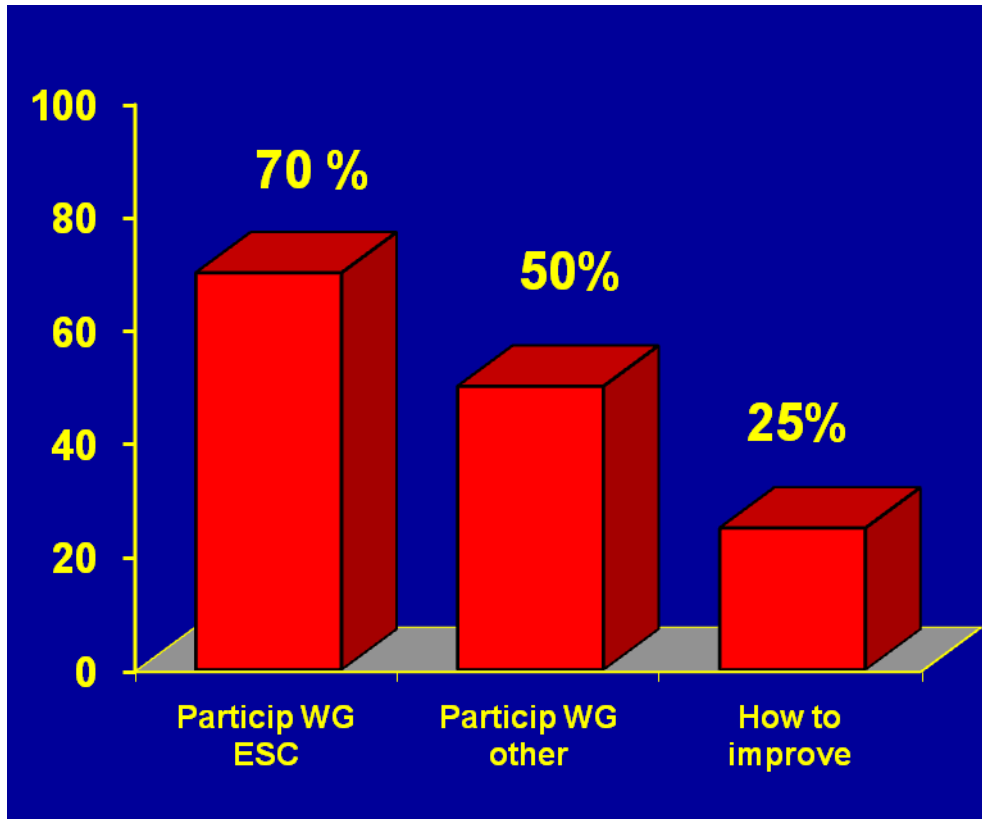

- Future plans
- Enrollment of ESC and other Grant resources, Industry partnerships, etc
- ESC and other Fellowships

Website

- Website editor
- Newsletter with set and changing topics
- Web based advertising of the WG activities
- Election process of Nucleus members organized by the ESC team
- First web based opinion survey
- Goal: to use the site for cooperative interaction forwarding educational and scientific collaboration between us!

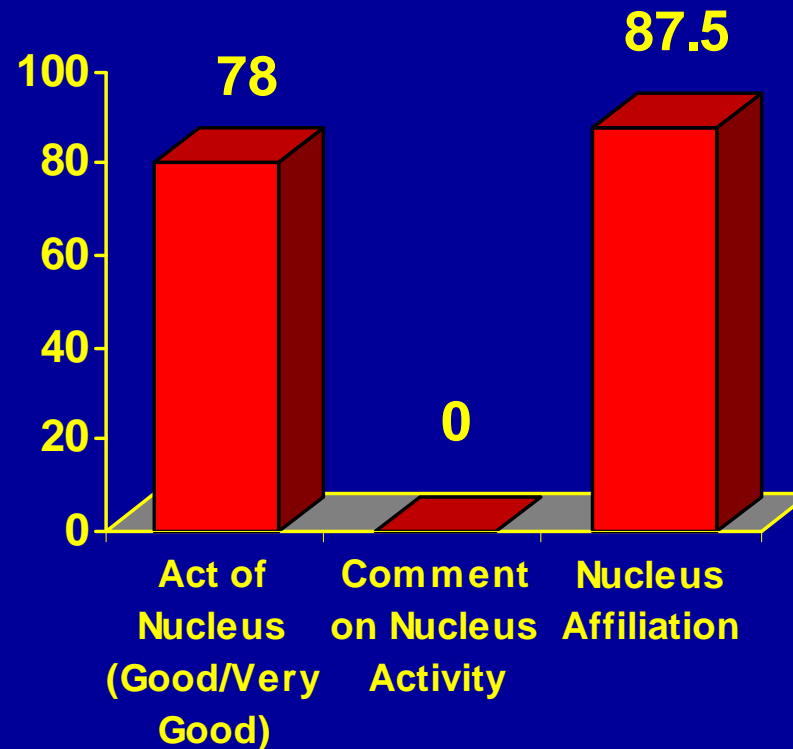

Working Group Survey – 2008

9-16 answers/240 members

Working Group Survey – 2008

9-16 answers/240 members

2. How would you rate the performance of the Nucleus during its last term (2007-2008)

		Response Percent	Response Count
Very good		33.3%	3
Good		44.4%	4
Fair		11.1%	1
Poor		0.0%	0
No Opinion		11.1%	1
	answered question		9
	skipped question		7

Upcoming Project: “Cardiomyopathies, the first 50 years”

Working Group on Myocardial and Pericardial Diseases

WG Conferences

1st European Conference on Myocardial and Pericardial Diseases
February 17/18, 2005, Venice, Italy
(E. Arbustini)

WG Conferences 2006-2008

2nd European Conference on Myocardial and Pericardial Diseases

February 15-17, 2006, Venice, Italy (E. Arbustini)

3rd European Conference on Myocardial and Pericardial Diseases

October 6-8, 2006, Belgrade, Yugoslavia (P. Seferovic)

4th European Conference on Myocardial and Pericardial Disease and women in heart disease

October 11-14, 2007, Marburg, Germany (B. Maisch)

5th European Conference on Myocardial and Pericardial Disease and The Florence International Meeting on Advances in Cardiomyopathies

May 22-24, 2008, Florence, Italy (F. Cecchi)

***Workshop on Inherited Cardiomyopathies**

April 4-5, 2008, Camogli, Italy (E. Arbustini)

* Since 2008, one official WG conference/year + additional topic oriented workshops, conferences, etc

6th European Conference on Myocardial and Pericardial Diseases

October 9-11, 2009, Belgrade, Serbia

(P. Seferovic, A. Ristic)

Working Group on Myocardial and Pericardial Diseases

ESC Guidelines and WG Recommendations

Hypertrophic Cardiomyopathy (Clinical Expert Consensus Document)

B.J. Maron et al., Eur Heart J (2003) 24, 1965-1991

Guideline on the Diagnosis and Management of Pericardial Diseases

B. Maisch et al., Eur Heart J (2004) 25, 587-610

Working Group on Myocardial and Pericardial Diseases

ESC Guidelines and WG Recommendations

AHA/ACC/ESC Statement on the Role of Endomyocardial Biopsy in the Management of Cardiovascular Diseases

- Collaborative document with AHA/ACC
- The ESC was represented by the EHFA and our WG
Eur Heart J, J Am Coll Cardiol, Circulation, 2007

ESC guidelines for diagnosis and management of heart failure 2008, of the HFA

with membership in the task force from our WG

Working Group on Myocardial and Pericardial Diseases

ESC Guidelines and WG Recommendations

Working Group position statement on the Definition and Classification of Cardiomyopathies

Eur Heart J 2008

Ongoing position statements:

- Recommendations on diagnosis and treatment of cardiomyopathies uncovered by currently existing ESC guidelines (C. Rapezzi)
- Genetic testing and ethical issues in family screening of familial heart muscle diseases (P. Charron)

Proposals for future position papers and study groups: to be discussed
Proposals should be received from members of the working group

Working Group on Myocardial and Pericardial Diseases

WG educational symposia in Barcelona 2006

Title: **Cardiomyopathies: diagnostic
and therapeutic interventions**

Date: 03 September 2006

Location: Sao Paulo (Zone 1)

Time: 14:00-15:30

Title: **Hypertrophic cardiomyopathy: new
paradigms**

Date: 04 September 2006

Location: Stockholm (Zone 4)

Time: 11:00-12:30

Title: **Treatment in different forms of
pericarditis**

Date: 03 September 2006

Location: Sao Paulo (Zone 1)

Time: 16:30-18:00

Title: **Hot issues in myocarditis**

Date: 04 September 2006

Location: Stockholm (Zone 4)

Time: 16:30-18:00

Working Group on Myocardial and Pericardial Diseases

WG symposia in Munich - 2008

Educational symposia : 6
Focus session : 1

- 3 oral sessions (6 talks per session)
- 1 moderated poster session (8 abstracts)

The European Society of Cardiology ESC Congress 2009, Barcelona, Spain

The Congress Program Committee has started planning the scientific programme for ESC Congress 2009 in Stockholm.

On behalf of our Working Group we invite every member of our Working Group to participate in this process and submit suggestions for symposia, clinical seminars, debate sessions and how-to sessions for this coming congress.

Submission Deadline: Receival of proposals: until **15.9.08**
pellott @doctors.org.uk

Thank you!
