

**EuroThrombosis Summit 2009,
October 8–10, 2009, Oslo, Norway**

Scientific Sessions

Friday - Saturday 09.-10.10.09

Non-responsiveness to antiplatelets

Aspirin

Clopidogrel

Overview

+Titles and speakers from ongoing research

Atherothrombosis in diabetes – special reference to AMI

Overview

+Titles and speakers from ongoing research

Prehospital thrombolysis in STEMI

Status – with special reference to geographical challenges

+Titles and speakers from ongoing research

Atrial fibrillation – a prothrombotic state

Overview

+Titles and speakers from ongoing research

Mechanisms in remodeling

+Titles and speakers from ongoing research

Arterial thrombosis during dual antiplatelet therapy

Mechanisms

Mural thrombosis in AMI

Late stent thrombosis

Up-date on new stents

Bleeding in ACS

Up-date

Definition of bleeding

MACE – including major bleeding

Oral anticoagulants in heart failure

Overview/Status

+Titles and speakers from ongoing research

Up-date in stem-cell therapy in MI

Overview

+Titles and speakers from ongoing research

“Pleiotropic effects of statins” – existing?

No:

Yes:

Seminar/Symposium (Sponsored)

A survey on anti-thrombotics in CAD (Thursday 08.10.09)

- Anticoagulants
- Antiplatelets
- Where to go?
- Between bench and bedside; Clinical research with anti-thrombotics

New antiplatelet drugs (Friday 09.10.09)

Platelet physiology / activation: Overview with clinical relevance
Prasugrel
PAR-1 inhibitors
??

New anticoagulants (Saturday 10.10.09; lunch)

Inhibition of blood coagulation: Overview with clinical relevance
FXa-inhibitors; acute and chronic / oral
FIIa-inhibitors

Organizing Committee

H. Arnesen
I. Seljeflot
K. Huber
F. Andreotti
S. Dalby Kristensen
F.W.A. Verheugt
K.Fox
L. Badimon
R. de Caterina
D. Gulba
G. Steg
